MRS. AMESON ENTERTAINS WITH DINNER

Mrs. Jay O. Jamison entertained the members of the music committee and choir of the Methodist church with a dinner at the church Wednesday evening. Captain Ruth Jamison spoke to the guests on the subject of music and told of concerts she attended while in Europe and England. Miss Margaret West was presented a beautiful piece of luggage by the members in appreciation of her service as director of the choir.

Those attending were Clarence and Mary Eleanor Kidder, Rev. and Mrs. Walter Cross, Margaret Campbell, Donna Lee Bogan, Eva Sue Taylor, Geraldine Draz, Roscoe Harris, Mrs. Mary Alma Murphy, Ruth West, Mrs. James Ball, Mrs. W. B. Granger and Joe Murphy.

GIRL SCOUTS RECEIVE AWARDS

The Girl Scouts of troop one entertained their parents Friday evening at the Methodist church under the guidance of their leader, Mrs. Walter Cross and her assistant, Miss Mary Alma Murphy. A chicken dinner which was prepared and served by the girls was enjoyed immensely by the guests. The table was decorated with ivy, and flowers and place cards in the Girl Scout motif which were made by the girls.

Grouping was enjoyed and then a two act drama play, "Bluebird" was given. This proved highly entertaining as a comedy and with horror scenes. At the ending of act one when Bluebird's wife entered the forbidden room and found the hanging heads of his former victims, the audience was left breathless at this gruesome scene. Maxine Schug played the part of Bluebird; Geraldine Draz, as his wife; Margaret Campbell, Sister Ann; Kaye Lutz as their rescuing hero; and Betty Lou Powell, Mary Lou Hummel and Madeline Williams the murdered wives. Joanne Kent was the announcer.

Following the play Mrs. Cross spoke briefly telling of the girls work during the year and introduced Mrs. Ralph Freeman, council chairman, who presented the pins and badges to the above girls and Betty Jean Pitts. Milton Campbell gave a short talk complimenting the girls and their leaders for their outstanding accomplishments during the past year.

Others attending were Mrs. H. V. Draz, Mrs. Milton Campbell, Mrs. Kenneth Lutz, Mr. and Mrs. Harry Schug, Mrs. Pitts, Mrs. H. Hummel and son Robert, Mrs. J. O. Jamison and son Edmund, Mr. and Mrs. Williams and Mrs. Florence Smith.

BOONE, FRIER SPEAK YOV'S

The marriage of Miss Delores Frier, daughter of Mr. and Mrs. H. E. Frier, and Carmon Boone, son of Mr. and Mrs. I. Z. Boone of Vero Beach, was solemnized at the First Baptist church Sunday afternoon at three o'clock.

The Rev. I. E. Enlow read the marriage vows before an altar of ferns and palms. Baskets of white lilies, gladioli and tube roses were arranged at each side of the Altar. Mrs. Dorothea Jones, organist, played the traditional wedding march and accompanied Dr. Thomas Forsee who sang, "The Sweetest Story Ever Told."

The bride, who was given in marriage by her father, chose for her wedding dress champagne silk jersey with bands of white lace and white accessories. Her corsage was of white orchids. Her only attendant was Miss Dorothy Ward of South Bay, who wore pale pink with white accessories.

Clive A. Boone, brother of the groom, was best man and another brother, Irvin Boone, Jack Carter and Carol Warren were ushers.

PACKERS

(Continued from Page 1)

The Packers up to the start of the ninth had the Ramblers whitewashed and only one hit

to their credit, but there their luck vanished, for some rocky infield play with a blast of hits permitted the visitors to gain four runs, one short of a tie. The game was featured by two Packer home runs by

Davidson and Emery, when the ball got lost in the tall grass in left field and a timely triple in the ninth by Connell, which broke up the possible shutout.

With two men on bases, Cooke placed a nice sacrifice toward third, on which two Packers scored. Williams, Bearden and Emery pulled a fifty three hit out of four times at bat. Summary: 000 000 004—4 4 2 Packers 010 000 22—5 9 4 Ramblers—Batteries, Packers, Williams and Davidson; Home runs, Davidson and Emery; three base hit, Connell; double, Davidson; struck out by Williams 2; Runout 9; bases on balls, Emery 1; Hit by pitched ball, Connell; left on bases, Pack-

Announcing New Combination Store Opening

Having several weeks ago purchased the former Arthur Williams Store and Market I have now taken ownership and management of the same.

I am moving my new store and market to this location which will give me one of the largest and most complete grocery stores in the city.

The former Williams building and premises, store room and store fixtures are being given a thorough cleaning and renovating that will amaze the patrons who will hardly recognize it is the same trading spot. And it will be my aim to keep it in a neat, attractive, sanitary condition at all times.

My record of the past three years as purveyor of high class groceries and meats has never been challenged, and in our new store, that record will be sustained in the future.

Our shelves will be filled with the best advertised and standard brands of groceries and package and canned goods, giving patrons a wide range from which to make their purchases.

In our coolers and refrigerated cases will be found the best of meats of all types, and on our counters will be found canned meat products of the leading packers and provision houses.

The success we attained in our original Fifth Street Store and Market is a criterion of our ability to operate this new and much larger trading spot.

We are from "Georgia" and are inviting our friends to come in and get acquainted with us and our merchandise. Come once, you will come again. Courteous service awaits you. Prices will be right.

Tufor Weed Killer

Our patrons who have tried out TUFOR report most gratifying results on weeds, rank grasses and plants producing Hay-Fever producing pollen.

TUFOR is the important chemical which is being used on Hyacinth control work on the canals and is getting in its deadly work. Agriculture scientists proclaim it a successful killer and eradicator.

ADVANTAGES OF TUFOR

1. Economical—contains 27 per cent 2-4-D which means only three quarts per acre.
2. Safer to use—less volatile than regular 2-4-D.
3. Completely soluble—does not settle out.
4. Non-inflammable.
5. Does not irritate skin or corrode spray equipment.
6. Kills leaves, stems and roots completely.
7. Grass sprayed with TUFOR is not poisonous to animals.

OBSERVATIONS

Continued from page 1
strain, needs no spraying or insecticide care, and while rough is a good eating and field corn. The sweet corn favorites of the north and west have not proven over successful down here in the Glades, although several strains have been fair to good producers, but are subject to loose shucks, and ideal homes for the least parasite, the worm borer, and need much parasite killer attention. Corn out of its natural habitat, say as much as 50 miles, does not do well in the Glades. The Iowa sweet corn is pronounced the best product here.

Did you ever experience that annoying manly of cramping of the leg muscles at night time, with the attendant discomfort? Was discussing this matter with Rose Winne who related the following: My father came down here from Ohio some years ago

and helped me build a structure and at night time he could not rest on account of cramps. A friendly Seminole Indian stopped and heard about the old man's predicament. The Indian suggested that when he retired that he turn his shoes upside down and he would have no more trouble. Learning this, I have had no more cramps, but peaceful, restful sleep. Now who can figure out the why and wherefore of this bit of knowledge from the wild life habits of an Indian?

There is a chuck hole over on the dyke highway, just west of the pump house canal bridge, which is large and deep enough to nearly cover a truck. It is a dangerous to machine and human life. A dozen load of rock in that hole and some of the other places along that road would place it in a passable and safe travel condition. Wonder why the highway department don't give this hazard some attention?

The Federal Agency at Atlanta which is handling the application of the City of Belle Glade for a loan of \$34,500 to \$51,500 to apply on the costs of the new proposed sanitary sewer and disposal plant, has written the City Commission for a considerable amount of new information and data before it can pass on the application. In its communication it bore one ray of light. It divulged the fact that they thought the estimated costs of construction and equipment made by the engineers under present day purchasing prices, were at least 30 per cent too high, as well as engineering costs, and that the improvement could be constructed at a much smaller price than indicated. The City Commission will investigate and hold conference with the engineers to take up suggestions made by the Federal officers.

Postmaster George Farnall and the balance of the office staff ought to be well acquainted with the poultry business, for thousands of young chicks, containers, arrive in the local traveling in cardboard pullman office most every month of the year.

At the end of each season there is usually a spasm of burglaries reported, but not so this year, as no such robberies were reported. The local police force surely had the situation in hand, and with two prowlers in operation most of the night and day there was little opportunity

for such workers to get in their nefarious calling.

The next sanitary step in Belle Glade is to be the eradication of unsanitary chicken coops and houses and the keeping chickens too near a dwelling.

Important Meeting Of Sportsmen's Club

The Board of Directors of the new sportsmen's club has called a most important meeting for Friday night at 8:30 at the City Hall to which every hunter, fisherman, conservationist and interested party is urged to be present.

The directors have formulated a number of suggestions and recommendations they would like to get backed in the form of adoption by the club so that it may have plenty of power and weight back of its future operations, both in local, district and state projects.

There are the five items to be presented and discussed with a view of adoption.

1. That the club take on the name of the Glades Sportsmen and Wildlife Club, with association with the state and region organizations.
2. Take steps backing the project of eradicating hyacinths and predatory fish and reptiles from the lakes, canals and streams of the Glades area.
3. Regulation and inspection of Commercial fisherman's traps during the off or closed season.
4. See that State lands are posted as such and that all such lands be thrown open for use of hunters and fishermen.
5. That the club, as a group, have some say, control and vote in matter of reforestation of lakes and canals with state and federal hatchery fingerlings.

The new by-laws will also be up for presentation, discussion and adoption. Memberships will be taken and fees collected at this meeting. The objective of the club is to have a membership of several hundred outdoors men and women. The adoption of any or all the five suggestions will give the delegates to the coming session of the Conservation Commission something definite on which to work.

Better Buildings Will Be Coming In City Sector
Steps were enacted by the City Commission at its recent meeting when an ordinance was enacted which brings the local building code up to date to comply with state law requirements.

This ordinance provides that no new constructions or repairs to hotels, apartments, houses, rooming houses or restaurants.

can be approved by a building permit until detailed plans and specifications are approved by the State Superintendent and the architect of the State Hotel Commission and so stamped.

This is a state requirement provided to protect the health and safety of the public and to prevent the erection of unsanitary buildings and quarters to be used for the above indicated purposes.

It also means that better buildings are going to be erected in the future than in the past, bringing up property values and providing better housing facilities, especially in labor housing locations.

Home Demonstration Club Has Meeting

The Women's Home Demonstration Club met at the South Bay school cafeteria Thursday afternoon, Mrs. R. R. Roadman made the delegates report on the recent Senior County Council meeting at Belle Glade.

The afternoon was spent on the art of Italian hemstitching under the direction of Miss Bertha Nill Hansen. The July meeting will be a work session on aluminum trays.

It was planned to meet with the Belle Glade Home Demonstration Club on June 20 at which time Dr. Forsee will be the guest speaker on the program. Delegations included Mrs. Vanda Hugginsbotham, Mrs. H. L. Marzine, Jr., Mrs. R. R. Roadman, Mrs. R. S. Donaldson, Mrs. W. G. Byrd and Mrs. E. M. Willis.

Marriage Announced

Mrs. Floyd Wilder of South Bay announces the marriage of her sister, Miss Tammie Hobbs of Clewiston to Dubert Leatherwood of Pensacola at San Antonio, Texas on May 29.

The bride is the daughter of Mr. and Mrs. Ben Hobbs and a graduate of the Belle Glade High school with the class of 1944. She has been employed the last two years in the office of the U. S. Sugar Corporation at Clewiston, and will continue her employment there while her husband completes his education in a veterans school in Washington. They plan to make their home in San Antonio when he has completed his course of study.

Movts Dragline

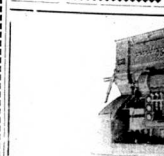

Griffs and Stallings, general contractors, are moving a dragline to Lake Apopka where they have a contract with the Zellwood Drainage and Water Control District to dig 25 miles of small drainage ditches and install six bridges.

They have just completed the drainage system for the Browning Cattle Company of Belle Glade on a 200 acre tract adjacent to the Boks Canal.

Patrolman Makes Fast Trip

It took State Patrolman Albert Miller, of Mosquito Haven, just a few minutes over an hour to roll from Clewiston to a West Palm Beach hospital, carrying a premature baby to an incubator. The little tot was born to Mr. and Mrs. R. P. Keller of Lake Harbor. Dr. R. L. Ring arranged with the highway department for the patrol service and as the car went through Belle Glade with its precious load of humanity, he sure was travelling.

and generating sets, made in 5 sizes from 3.3-4 to 56 continuous H. P. at 1200 R. P. M. in 1, 2, 3, and 6 cylinder models.

Sheppard Diesels are of the full Diesel, solid fuel injection type with compression ignition. No special starting devices . . . no electrical ignition . . . no exhaustor to maintain and service. 24 volt electric starting motor, power take-off and clutch are standard equipment.

Removable, wet-type cylinder liners . . . oil spray-coated pistons . . . full pressure lubrication . . . full floating piston pins . . . are just a few of Sheppard's advanced engineering features.

The exclusive Sheppard fuel injection system insures easy, sure-fire starting because it was developed with the Sheppard engine—not adapted to it.

Sheppard Diesels are ideal for driving portable or stationary pumps, compressors and saw mills. Their compact design facilitates handling and assures maximum H. P. output per cubic foot of installation space.

Breaved By Death Of A Brother

A message received on Sunday brought to Judge John M. Gledhill, associate editor of the Herald, the announcement of the death of his brother, Prof. William S. Gledhill at the Glenview General hospital in Cleveland, O., after a brief illness.

The deceased was 78 years of age, a son of the late Rev. and Mrs. Joseph Gledhill, the former a pioneer Methodist minister. Mr. Gledhill was a graduate of Mt. Union college at Alliance, O., and for many years was an educational instructor in the public schools of Chagrin Falls and Warren, O., but for the past 25 years had been connected with the City Government of Cleveland Heights.

He is survived by his widow, Mrs. Bessie F. Gledhill, a sister Mrs. Alice Stone of Bravelle and his brother John M. Gledhill and several nieces and nephews on his side of the family. Burial was made in the family cemetery lot at Bravelle, O., on Monday.

office, 285, Belle Glade and leave your name and the animals you want treated or tested or you can write a card to the Extension office, box 664, Belle Glade. This will be a great help in planning the days work for the next week or two and prevent us from passing up someone we do not know about.

"We have also arranged with Dr. Rainey to give us a day or two in the Glades inoculating dogs against rabies so if you will let us know the year dogs we will set a day sometime in the near future for inoculating dogs and ask all dog owners to bring their dogs to some convenient place where Dr. Rainey can inoculate them rapidly and not have to lose time going to the different homes.

"The cow testing program is furnished free from public funds and enables you to safeguard the health of the family by knowing that you are using milk from healthy cows.

"Hog cholera serum if furnished free and the charge for inoculating dogs against rabies will be very small if we can arrange to have them all brot in to one place.

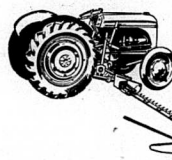

"We will probably not have the opportunity to have these men available in this area for this program until about this time next year so it will be advisable for you to take advantage of this opportunity."

LADIES LUNCH AT "COUNTRY CLUB"

The ladies of the Country Club had their semi-monthly luncheon last Friday. Those in attendance decided to send Mrs. William Schreiber a gift to the Good Samaritan hospital in West Palm Beach where she is staying with her daughter, Daphne.

Those present included Mrs. Maude Kruse, Mrs. Eloise Hooker, Mrs. Mildred Tillery, Miss Carol Seaman, Mrs. Annabelle Isley, Mrs. Mary L. Henry of Tampa, Mrs. Betty Jones, Mrs. Evelyn McKee, Mrs. Edith Van Landingham, Mrs. Edith Freedland, Mrs. Louise McWhorter, Mrs. Ruby Jones, Mrs. Bob Fleming, Mrs. Margaret Morley, Mrs. Katherine Weeks and Mrs. Virginia Howington.
